With touch screen system
Integration, Use it much
like your smart phone.

Features

Productive

The large sample placement area to easily place and remove samples, and the ability to work long time for continuous operations makes the machine extremely productive.

Precise & accurate

It is highly accurate that there is no second guess on the gold purity, and that makes all our customers a trustworthy brand in the market.

Karat Pro

Compact & Smart

it saves more space and makes the area look clutter free. It even looks so smart and boosts the showroom ambience.

Craftmanship that you can see & feel

It is robust and well-built, this improves the lifetime of machine and completely saves the cost of ownership.

Press little & do more

Simple and user-friendly interface, so that none of our customers spend any money, time or resource on training an operator.

The speed that you need

Get sharp and accurate results in 40 seconds and win the customer trust & confidence forever so they come back for more.
